LEGISLATIVE COUNSEL'S DIGEST

AB 400, as amended, Simitian. ~~Paving materials~~ *Ballot designations.*

*Existing law allows a candidate for elective office, with the exception of specified judicial offices, to designate, in not more than 3 words, the principal professions, vocations, or occupations of the candidate currently or during the preceding calendar year.*

*This bill would provide that a candidate's ballot designation as "community volunteer" shall constitute a valid principal vocation or occupation for purposes of existing law, if not otherwise in violation of any of the restrictions set forth in that law.*

~~Existing law, the California Integrated Waste Management Act of 1989, requires the Director of Transportation, upon consultation with the California Integrated Waste Management Board, to review and modify all bid specifications relating to the purchase of specified paving materials and backfill materials using certain recycled materials.~~

~~This bill would make technical nonsubstantive changes to that provision.~~
